# School Bonds Carry Ten to One

## Thinking Out Loud

(By H. M. L.)

We feel like throwing away our hat and giving three cheers. The victory for new school buildings was tremendously satisfying. The two-thirds majority called for was really, in the case of the grammar school 16 to 1, which is strangely reminding of William Jennings Bryan. The majority in favor of the high school bonds was around 7 to 1, and while not so whole-heartedly an endorsement as in the case of the grammar school, it is still far from lean triumph. In any case this city reveals a front more nearly united than any other community in this writer's experience.

The repeated vote, for the municipal swimming pool, and its final victory and realization, should have been an index to the temper of Nevada City in matters affecting its advancement. But when a great cause hangs in the balance, too often we disregard the plain sign posts erected in the past, and give way to jitters. The great rallying of citizens and practically all organizations to the support of the bond issue, considering the short time there was for such activity, was really amazing. It is not easy to assume such a burden as these bonds will impose, but it is well worth while.

When the League of Nations lay down on the job and permitted Japan to take Manchuria away from China, it made history. On Monday last when the League of Nations formally voted Italy the agressor in the war with Ethiopia, and is now moving toward economic and financial sanctions, it made history of another kind. We need not complain too much of this inequal application of League justice. In this country nine murderers escape the hemp and the tenth hangs. The point is, the League is now functioning as President Wilson expected it to function, what ever its delinquencies in the past.

If the League of Nations really goes through with the application of economic and financial sanctions and the Italian war upon the Ethiopians is long drawn out, as military experts predict it will be, the sanctions ultimately will defeat Italy. For that country must depend for sustainance upon importations. If military sanctions are ordered to be applied and it seems probable England will press for those, the war may be much shortened.

Finally, if the League is successful in its efforts to enforce peace in the Italo-Ethiopian instance, it will have immeasurably increased its authority and prestige in the world. The time may not be so far away, indeed, that war will be outlawed, and that nations, to limit populations beyond the supporting capacity of their land and natural resources, will be forced to resort to birth control. Better unborn millions, than millions suffering famine and slaughter.

The United States, in declaring an embargo on arms and munitions to either belligerent, the first great nation to do so, is indirectly working with the League of Nations. More important, it is pursuing rigidly that policy of isolation advocated by its first President. Wealthy beyond any other country on earth, still with vast areas within itself for an expanding population, the United States can make this policy effective. But the time will come when the United States will find it a better policy to join with other nations in enforcing peace. Swift transportation and the trade needs of one nation with another has made this world one great community, in which one member nation depends vitally upon the others. The American people, for the time being are so well situated that it is much easier to endure the hardships of neutrality in foreign quarrels, than to participate in them. Ultimately we shall have to join with our neighbors across the seas in some form of international administration of justice.

### TRIED FOR THEFT

The case of the People vs. Wells was heard in Judge W. L. Mobley's court yesterday afternoon. Attorney W. E. Wright represented the defendant, Dick Wells. Mr. Wells was arrested on a wararant sworn out by Mr. T. Larsen, for the alleged theft of windows and doors from buildings on the Omega mine property, recently. After the hearing the case was submitted to Judge Mobley for a decision.

## YELLOWJACKETS FAST GRIDDERS OF ROSEVILLE

When the Nevada City Yellowjackets took the Apburn B squad to the cleaners last Saturday, they were performing a little task that had not been taken care of for three years. The Auburn outfit had remained victorious for that long until last weeks encounter when the Purple and Gold eleven changed the set-up. That fact, and the fact that Auburn defeated Roseville already this season, are reasons why the dope sheet is leaning toward the local boys for tomorrow's game. At 2:15 tomorrow afternoon, the locals will meet Roseville for the second League contest of the year. The game will be played on the Nevada City High School field, and the boys, far from being over-confident of the game's outcome, are putting in long hours of stiff practice in preparation for the game.

With Ray Steger, flashy right end, still on the shelf from an ankle injury in the Grass Valley game, the Yellowjackets will be handicapped. It is not yet certain whether Steger will be in condition to see action tomorrow or not.

Whether or not Coach Barron will start the game with the reserves will depend upon the outcome of practice tonight. That is the present plan if all works out as it should.

Citizens are invited to attend this game to watch last week's victors attempt to keep the loss side of the tally column clean through the league season.

## CCC BOYS FIND JOBS QUICKLY

SAN FRANCISCO, Oct. 10.—The Civilian Conservation Corps constitutes one of the most effective means of eventually getting employment, according to statistics received from Washington by Datyon Jones, director of the CCC service in California.

During the two years that the CCC have been in existence a survey of the employment status of former members of the corps shows a constantly increasing percentage of those who leave the camps find work, Jones stated.

A survey of the first six month period of the Emergency Conservation Work showed that 19.2 per cent of the men had found employment on leaving the CCC.

The second survey covering the second six-month period of the CCC showed an increase to 36.4 of the men who found work after leaving the camps.

The survey of the third six-month period showed a falling off of those who found jobs upon leaving the camps when the number amounted to only 22.8 per cent.

The fourth and last survey for the six months period ending August 31, however, showed a total of 39.4 per cent of the men found work upon leaving the camps.

California, Jones stated, has a total of 115 of these camps more than any other state in the Union. Approximately 5,000 replacements will be needed during October to bring the California camps up to their full enrollment, according to Jones.

## HI GIRLS PLAY FAST SERIES OF BASEBALL

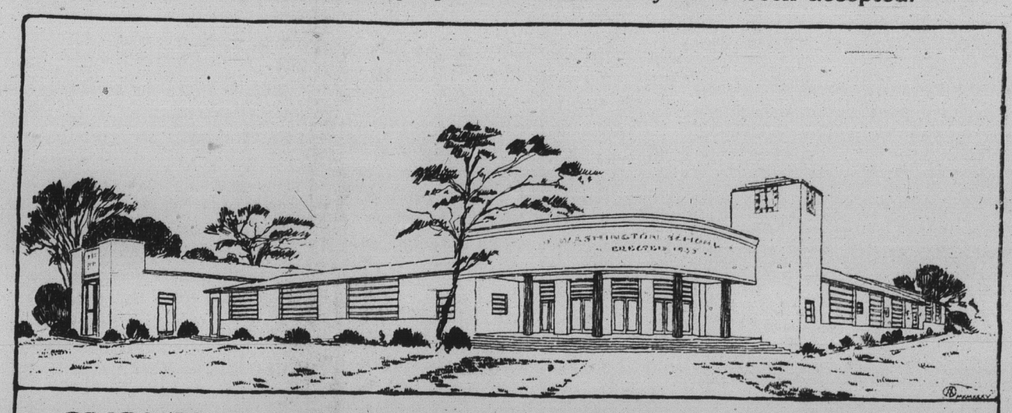
Miss Peterson, girls physical director at the high school, announced Wednesday that the sophomore and junior teams would mix on that afternoon, followed by a frosh-junior contest on Thursday, closing the week with a game between the sophomore and freshmen girl teams, this afternoon.

These games are held after school in the field adjoining the high school.

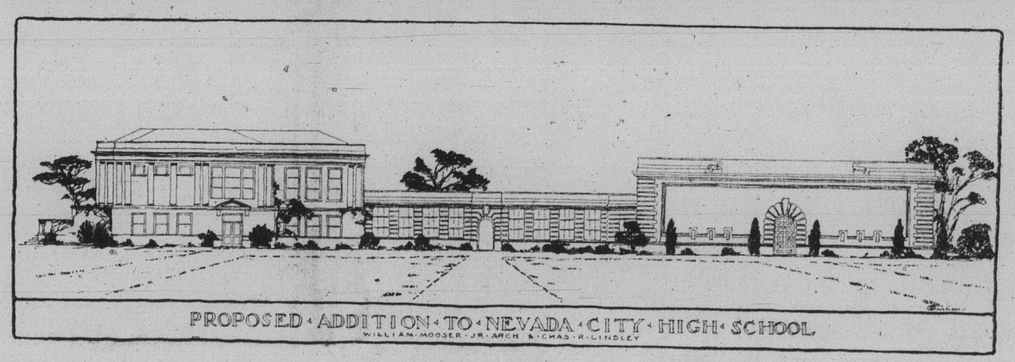
Interested fans may attend free of charge with a guarantee of good baseball from beginning to end.

## Electors Stamp Approval on Issue of $118,000 for Schools

**These are the facades of the new buildings which the people of Nevada City yesterday gave permission to the school board to build for the city's 700 children, with provision made for needs of the school children of the future. The new school buildings are no longer in the "proposed" state. They have been accepted.**



PROPOSED ELEMENTARY SCHOOL NEVADA CITY CALIFORNIA
WILLIAM MOOSER JR. ARCH. & CHAS. R. LINDLEY



PROPOSED ADDITION TO NEVADA CITY HIGH SCHOOL
WILLIAM MOOSER JR. ARCH. & CHAS. R. LINDLEY

Nevada City took a long stride forward yesterday in giving the school bonds an overwhelming victory. The bonds for the grammar school carried 715 to 45, or around 16 to 1. The high school bonds carried 672 to 88, or better than 7 to 1. It was a clean cut, decisive victory for both issues and heralds a better day for this city and its youngsters.

Voting was slow during the morning hours and by noon only 160 ballots had been cast. But in the afternoon and evening there was a steady stream going to and from the polls at the Washington school. A total of 781 votes were cast on both bond questions.

The board of school directors, who submitted the proposals to the voters, chose a most propitious time for the election, and submitted what in their judgment was the minimum amount required to place Nevada City schools on a parity with good schools throughout the state, and to meet the immediate imperative need of a rapidly growing population.

Members of the school board are receiving many commendations for the manner in which they presented the needs of the schools to the voters. The questionnaire issued with answers was fair and thorough. No organization did more to promote a sound undtrstanding of the school problem facing the city, than did the school board. It was largely on the efforts of many civic and patriotic bodies, through their committees, and the personal work done by such organizations as the two P. T. associations, the Women's Civic Club, the Chamber of Commerce, the Legion and the Veterans of Foreign Wars, that personal interest was aroused, friendly lifts to the polls arranged for those without conveyance, and a good showing made in the final count of ballots.

## SOPHOMORE GIRLS WIN BASEBALL GAME

Nevada City high sophomores played a fast ,hard game of baseball with the freshmen Thursday afternoon, the sophomore team outplaying all the way through and winning by a score of 12 to 1. Captains of the teams were sophomore, Annie Brklacich; freshmen, Jean Martz. If the freshmen win the game with the juniors Friday night the sophomores will be champions, but if they do not win the sophomores and juniors will have to play another game.

The sophomore lineup is as follows: Edna Doolittle, catcher; Annie Brklacich, pitcher; Ruth Godfrey, first base; Madge Pianezzi, second base; Vella Flindt, third base, Gilda Botelli, first short; Mary Martz, second short; Helen Provine, first field; Alice Jean Graham, second field.

The freshmen team was composed of: Jean Martz pitcher; Laura Price, catcher Alice Norton, first base Irma Hurst, second base; Evelyn Elliott, second base; Norlene Whitney, first short Doreen Foreman, first field; Virginia Carney, second field; Catherine Saban, third field.

### LAST RITES FOR PIONEER

Funeral services were held yesterday at Goodyear's Bar for the late William B. Owens who died in Sacramento Tuesday. The deceased came to California via the Isthmus of Panama in 1856. He was one of the old pioneer residents of Sierra County. Services were conducted by Rev. H. H. Buckner of Nevada City.

## HIGH BAND IN JUBILEE CONCERT OVER BONDS

The school bells rang out the good news last night that the bonds for a new grammar school and a new high school had carried with a big majority.

The high school band formed at the top of Broad street and with cheering music jubilantly marched down to Pine and Broad where they gave a concert with a crowd applauding.

Everyone was jubilant and happy that the bonds had passed. Somehow, somewhere the "noes" had disappeared.

### PONEMAH COUNCIL

Mrs. Nettie Gildersleeve was honored by Ponemah Council No. 6, Degree of Pocahontas at their last regular meeting at which a number from Ceanotha Council of Grass Valley were present.

Mrs. Elizabeth Lashbaugh the Pocahontas of Ceanotha Council presented Mrs. Gildersleeve with a gift. Mrs Carter presented her with a beautiful bouquet in honor of her birthday. Mrs. Gildersleeve has recently been appointed on the Great Council of the state.

### MINE BOARDING HOUSE BURNED

The two story boarding house at the Republic mine near Graniteville was completely destroyed by fire Monday. The Rpublic mine has not been operating for some time.

## L. S. SMITH INSTRUCTS SCHOOL OF FORESTRY

Mr. Leland Smith, grazing inspector of the Tahoe National Forest, will leave Sunday for Quincy to attend a special school of forestry which covers all phases of national forest service. He will instruct a class on grazing in national forests. Mr. Hobson of Big Bend Ranger Station, and Mr. Bowers of Forest Hill will attend the school as students.

## CAR DOOR FLIES OPEN AND WOMAN FALLS OUT

CAMPTONVILLE, Oct. 10.—Mrs. Kenneth Barker of Grass Valley narrowly escaped serious injury Monday afternoon while motoring north on the Yuba Pass highway, with her husband. The car door came open and she fell out, her husband did not miss her for a few seconds all the while she was hanging on and being dragged along the pavement. She was brought to town and there being no doctor here, she was taken to the office of Judge Acton M. Cleveland where first aid was administered. She was considerably bruised, cut on the head, arm, and considerably on one foot, and badly shocked. In a short time they were able to continue their journey. Mrs. Barker thankful that she was not more seriously hurt.

Mrs. R. L. P. Bigelow, who has been quite seriously ill for the past two months, came out for the first time yesterday in order to vote for the school bonds.

## ACCOUNTANTS FIND ASSETS OF CITY INCREASED

L. E. Straine and Co., who have just completed an audit of the fiscal affairs of Nevada City from June 30, 1934 to July 1, 1935, find the city now has fixed assets totaling $94,294.70, divided as follows: Water utility, $75,000; swimming pool and park, $17,113.92; and airport, $2,180.78.

Current assets including cash and accounts receivable in the water department total $11,326. Liabilities in the way of bonds outstanding total $43,000. Of this amount street bonds total $36,000, swimming pool bonds $2,000, water bonds, $1,500 and the sewer bonds $3,500. The city's total surplus amounts to $62,621.51.

Excess of revenues over expenditures during the past fiscal year totaled $13,410.40. This surplus was devoted to reducing the bonded indebtedness by $12,900, and to improvements of the municipal pool and park.

Taxes during the year yielded $15,091, licenses $8,301, water and irrigation $21,679, miscellaneous income $2,138 a total of $47,510. On the expense side of the ledger was the cost of general government, including salaries, insurance etc., which amounted to $6,810, street and sewer departments $13,256, and fire department $1,089.

Summarizing the result of their examination of the city's books, the accountants praised Frank Wright, the water collector for his excellent handling of water accounts, commended the improvements made in his bookkeeping system by City Clerk George Calanan, and in general found good things to say regarding the city's management of its fiscal affairs.

## P. T. A. TO STAGE COUNTY FAIR

The Grammar School P. T. A. of Nevada Cty held an executive meeting yesterday afternoon in the Public Library and voted to assist the Boy Scout Council in raising funds to complete the log cabin for the Boy Scouts by giving a County Fair. The fair will be under the direction of Mr. Christian Anderson who will be assisted by County Horticultural Commissioner L. G. Lageson. The big affair will be held in Armory Hall on a Saturday evening so as to give everyone an opportunity to attend.

An exhibit from local apple growrs orchards will be made. There will be home made quilts, fancy work, etc. In the evening an amateur hour is to be held after which there will be an old fashioned barn dance.

The logs for this lodge have been cut for some time and it has been decided to build the Scout Lodge in Pioneer Park not far from the municipal swimming pool.

## RANGE CATTLE LEAVE FOR VALLEY PASTURES

Mr. Leland Smith, in charge of the Tahoe National forest grazing permits, stated Wednesday that practically all stock had been brought off the mountain ranges in anticipated winter, there being a few small scattered herds a total of about 2,000 head. Much of the range feed is drying up rapidly.

In this district Mr. M. Church has 300 head of cattle in the mountains east of Nevada City; there are a few herds near Folsom, and a small number of cattle are on the east side of the National forest in Nevada state. The latter stock will be moved as soon as range and water can be found, which will be about the end of this month.

Cattle in the Tahoe National forest this season on forest land numbered 6,700 head and on forest patented land, 5,000. Sheep on the ranges on forest land 32,500 head and on patented land 43,500.

# SAFEWAY DRIVE TO PEP UP SALE OF DRIED FRUIT

OAKLAND, Oct. 10.—In an effort to further aid the agricultural industry, Safeway Stores, Inc., from October 18 to 26, will wage an intensive sales campaign to help increase consumption of dried fruits, it was announced today.

The campaign will be conducted in 21 states where Safeway stores are operated, and it is expected that more than 2,500,00 pounds of all kinds of dried fruits will be moved for the agricultural industry direct to the dinner tables of millions of consumers.

Paula Stone, motion picture actress and daughter of Fred Stone, well known comedian and close friend of the late Will Rogers, is sponsoring the campaign.

The purphase of 2,500,000 pounds of dried fruits—the goal of this campaign—is reputed to be the largest single order ever placed with the dried fruit industry. The entire amount is ready to be apportioned among the more than 3,000 Safeway stores scattered throughout the central, western and southwestern parts of the United States.

## NEVADA CITY DRUG STORE DISTRIBUTOR FOR WEAREVER RUBBER LINE

The Nevada City Drug Store has been awarded the wholesale and retail agency in this county for the Wearever line of rubber goods, which comprises everything in the way of appliances for household use. This nationally known line of rubber boods has become one of the big leaders in its field because of its exceptional quality and lasting values.

Next week, October 14 to 19, is National Rubber Week and during that time all rubber goods at the Nevada City Drug Store will be specially priced. Adv.

Mr. and Mrs. George R. Schrader spent Monday in Quincy, where Mr. Schrader was called on forest service business.

Mrs. Tony Deschwanden, who underwent a severe operation at the Nevada City Sanitarium last Wednesday, is making a splendid recovery. Dr. B. W. Hummelt was the attending surgeon.

## SAN JUAN NEWS

The Townsend Club met at the K. Kessler home in San Juan Tuesday with a good attendance. William N. Baker presided and Mrs. Lee Garner assisted as secretary. A splendid outline was given of the plan. Eighty persons have signed and the charter is to arrive next week. Plans were made to have a Townsend Club speaker at French Corral on Sunday, October 20.

Mrs. Nellie V. Uhrig has returned home from Grass Valley where she has been quite ill for several days.

Harvey Trubschenk has returned to French Corral after a visit in Oakland and San Francisco of a week.

Mrs. W. E. Moulton of French Corral visited in Sacramento for a couple of days this week.

The new roof on Twamley Hall at San Juan is fast nearing completion and it is expected it will be ready for the Red Men's dance of October 19. The Red Men will give a torch parade in town before the dance. Visiting Red Men are expected from Apburn, Lincoln, Roseville and Nevada City. A merry dance is expected and everyone is invited. Numerous prizes are to be awarded.

W. V. Tamblyn, operator of the Nevada City theatre, was a business visitor in San Francisco this week.

# SPECIAL SESSION OF LEGISLATURE MAY NOT MEET

(By RALPH H. TAYLOR)

Queer quirks of the economic cataclysm—and its equally unpredictable aftermath, the post-depression period—may wipe out California's state deficit, variously estimated at from $50,000,000 to $87,000,000, without anw requirement for new taxation!

And the scheduled special tax session of the state legislature, if it is held at all, probably will not be called until after the May presidential primary next year.

Such, at any rate, are the predictions of many of the state's business leaders, based on a sharp upturn in state income from normal sources and on a downward trend in value of the dollar.

By the end of the fiscal year next June, according to the experts who keep an eye on state finance for business and industrial concerns, it is quite probable that the American dollar will be worth about 50 cents—causing a similar write off in both public and private debts.

And state revenues, already soaring far ahead of official estimates of last year, may increase to such an extent that the genral fund deficit will fade away to a point where normal income could be expected to take up the slack in the course of the biennium.

### RILEY PESSIMISTIC

The state's financial authorities—State Controller Ray L. Riley and Director of Finance Arlin E. Stockburger—who lean more to the side of conservatism, if not pessimism, when discussing the fiscal condition of the state, fail to concur, at least as yet, in "the brighter view" of the economic picture.

But Governor Merriam, on the other hand, who has everything to gain and nothing to lose by dodging a special legislative meeting, and who knows furthermore that the taxpayers will call him blessed if it can be avoided, has been quoted quite generally as stating that he does not expect a special call will be necessary.

To support the governor's position, independent tax experts point to the fact that the estimates of incom given the legislature last year by both Controller Riley and Finance Director Stockburger have been demonstrated to be exceedingly low by actual income returns since that period.

Department of Finance estimtes of income from the sales tax for the first quarter of 1934, for example placed the total at $13,750,000. Actual returns totaled $14,704,000!

### SALES TAX OVER ESTIMTES

For the second quarter, the Department of Finance anticipated sales tax revenues of $14,200,000. Actual returns, with some precincts yet to be heard from, total $16,725,000.

Based on these discrepancies, financial wizards who keep tab on affairs for both big and little taxpayers, state that it is quite possible sales tax revenues for the biennium will run from $20,000,000 to $25,000,000 inexcess of estimates. They emphasize in these calculations that "the Christmas quarter," which always goes over the top, is yet to be heard from, and that the business curve is still sharply upward, indicating still further gains in state revenues.

### MAY WAIT TAX FIGURES

Influencing Governor Merriam in his desire to postpone the special session from January until next April or May—if he cannot eliminate it entirely—are many factors. For instance, a true picture of the state's financial condition cannot be had until then, as first returns from the new state income tax, the use tax, the new auto tax and other revenue measures will not be known until spring.

And in addition to these factors, no one, say the experts, will be able to estimate in January the full effect of the upturn in business and industry on state revenues, or the influence of the fluctuating dollar on state debts

California agriculture, together with business and industry—the home owner and the laborer, and virtually all taxpayers—will undoubtedly hope that the silver lining in the cloud of depression proves to be a reality.

Certainly, if new taxation can be avoided, both officials and the general public should cooperate to make its avoidance a surety.

### STREET IMPROVEMENTS

Street Superintendent Herbert Hallett stated Wednesday that Cottage street, between Broad and Pine streets, and a short secton of Spring street back of the National Hotel and the post offce, have been graded and rocked. Pour oil will start at once.

The street department also considered the rocking and oiling of the lower Grass Valley road beginning at the Nevada City city limits where Supervisor C. S. Arbogast left off and continued out on Walrath avenue to Sacramento street. This section of streets will receive asphalt next year.

Mr. and Mrs. A. N. Wisker and daughter, Frances Lou, of Sacramento are spending a few days in this city visitnig with Mrs. Wisker's sister, Miss Alma Marsh.

## San Francisco To Celebrate 100th Birthday

Just tall enough to peer over the top of the Century of Commerce celebration's colorful poster, Billy Ross Simpson wants to do his part in San Francisco's coming celebration which marks San Francisco's hundredth anniversary, by showing the poster to the rest of the country so that they may participate in the coming fete which opens October 14th and continues all week. As a colorful close to the celebration there will be a historical play "Century of Romance" written and directed by Chas. E. Pressley, which will be given in the Civic Auditorium on October 18th and 19th.

## MANY STOLEN CARS ON ROADS

SACRAMENTO, Oct. 10—Approximately 3175 motor vehicles operating on highways of California are being moved under shadow of a theft record.

In addition, there are about 25,770 cars on the highways that bear altered engine numbers that owners should have investigated by the state department of motor vehicles.

This information has been presented to Ray Ingels, director of motor vehicles, by Lon W. Butler, the manager of the department's Los Angeles office, following a five-month survey of engine number inspections. In investigating engine numbers of 13,754 vehicles at the Los Angeles office in the period from January 1 to May 31, Butler discovered that engine identifications of 154 vehicles had been altered. Check on the cases of tampering resulted in recovery of 19 stolen vehicles worth more than $8000.

Estimates arrived at in the five-month survey indicate that .00138 per cent of all vehicles inspected were stolen, that .0112 per cent of vehicles inspected have altered engine numbers, and that .1234 per cent of vehicles with altered numbers are stolen. The estimate of the number of stolen cars and cars with altered numbers on California's highways is figured from the total number of resident and non-resident vehicles operating in the state in 1934, using the percentages deduced for multiples.

Vehicle owners are urged to protect their interests by taking any care that appears to have an altered engine number to a department of motor vehicles office for investigation.

## DRUNKEN DRIVER MUST SERVE JAIL SENTENCE

Charles A. Smith, is being relayed under arrest from Corona, Riverside county, to the Nevada County jail. In December Smith was fined $100 for drunken driving by the justice of the peace in Truckee. He paid $20 of the fine and then skipped. Under a new warrant obtained by Sheriff Tobiassen, Smith was re-arrested by State traffic officers Tuesday in his home in Corona, and traffic inspectors of each district carried him through their district to the boundary of the next one. Thus Smith was conveyed to Nevada City. He will probably serve time in lieu of the balance of his fine of $80.

## JOHN RAMM'S GRAPES ARE MUCH ADMIRED

John Ramm, vineyardist and fruit grower of Camptonville, in Nevada City delivering a load of grapes this week, declares the season has been unusually favorable for tree and vine fruits. He grows several varieties of grapes including the beautiful Flame Tokay, which he produces abundantly with perhaps the most brilliant coloring in California. Two baskets of Malagas left in the Nugget office were much admired both for their beautiful golden color and rich sweet flavor.

## MANY LICENSES TO DRIVE DENIED, MANY REVOKED

SACRAMENTO, Oct. 10.—It's no so easy to get a license to drive a motor vehicle in California, according to 3169 persons who failed to pass examinations for permits in the bonth of August.

A total of 65,979 persons were given licenses to operate vehicles in August, or 19.5 per cent more than were issued permits in the eight month of 1934, Fred P. Williams, acting chief of division of drivers licenses, today reported to Ray Ingels, director of motor vehicles.

As a result of the 72,509 applications tseted for operator licenses in August, 349 persons definitely were refused permission to drive motor vehicles n California. Instruction permits were issued to 3012 persons.

The courts and department of motor vehicles revoked 123 drivers' licenses in August and suspended the permits of 652 persons.

## TRUCK DRIVER FINED FOR LACK OF LIGHTS

CAMPTONVILLE, Oct. 10.—J. M. Robinson of Downieville pleaded guilty in the Camptonville Justice Court Friday to a charge of driving a truck on the Yuba Pass highway at night without lights, and was fined $25 by Judge Acton M. Cleveland. He was arrested over a week ago by Traffic Officer A. J. Ponta on a warrant on complaint of Constable John Jaynes.

The truck belonged to C K.uppinger of Lakeport, who has the contract for building the new bridge at Downieville. He has a group of trucks which have been hauling material over the Yuba Pass highway for the past two months. Their trucks have brought a storm of complaints for the manner in which they have ben violating the motor laws on the crooked highway.

## THE "SHINGLERS" HAVE SHINGLED THE CHURCH

The "Shinglers" an organization of the Methodist church which had for its objective the roofing the church have completed the "job" but still need a little money to complete paying for it and would appreciate contributions from anyone who would like to help.

The "Shinglers" have worked hard and feel that now the church is ready for winter work.

## PNEUMONIA FOLLOWS KEROSENE INHALATION

Recently Frankie King, son of Mrs. Gypsy King of this city, accidentally took a mouthful of kerosene and before he could spit it out choked and swallowed some and inhaled the fumes. Double pneumonia set in almost at once. His throat was blistered and this is still giving the little fellow considerable trouble to swallow. He is up and around in the last few days, but is still quite weak. Several weeks ago he rode his bicycle off the steep sidewalk at the courthouse and was quite severely injured.

### Chinese Herbs Quickly and Surely Restore Your Health To You

## SEES INFLATION A SLOW PROCESS

### A Real Danger for the Future, Col. Ayres Tells Banking Groups.

NEW BRUNSWICK, N. J.—Present prospects do not indicate that inflation severe enough to cause further dollar devaluation will come soon in this country, but as an ultimate development it seems to be a very real danger, Leonard P. Ayres, Vice President Cleveland Trust Company, said here tonight in an address before the Graduate School of Banking. He believed this statement to be true "unless the government enters frankly upon a policy of issuing flat money with which to meet its expenses." At present that does not seem to be in sight, he said.

The Graduate School is operated jointly by the American Institute of Banking Section of the American Bankers Association and Rutgers University to offer advanced studies for bank officers.

"We have so enormously increased the capacity of our banking system for credit expansion that it is difficult to see how we could have a vigorous business revival without having it develop into a credit inflation," Colonel Ayres declared.

**Inflation a Slow Process**

If inflation does come it will be a slow process, he said, pointing out that in Germany, France, Belgium and Italy it took about five years to develop from the time when the governments entered upon policies of financing large peace-time deficits by bank credit up to the time when the public generally began to spend money rapidly because of fear that it would still further depreciate in purchasing power.

"If we are to go through such a period here it would seem likely that it might last rather longer than the corresponding periods did abroad," he said. "Its beginning would date from the spring of 1933 when we left the old gold basis for our money and entered upon the policy of financing large governmental deficits by the sale of Federal securities mainly to banks rather than to private investors."

"The method that we are following is the one that proved disastrous in Europe for in all those countries including Germany, the increasing issues of money that caused the inflations were not mere printing press issues of flat currency, but were secured by government bonds and notes discounted at the banks. Nevertheless, the process is inherently a slow one."

Among the clearest lessons taught by the European experience, Colonel Ayres asserted, is that there are "no good hedges against inflation." He added:

**Did Not Lighten Debt Burdens**

"One of the strange facts about these inflations is that while they destroyed the values of most existing debts, they did not succeed in lightening the debt burdens of either the people as a whole, or of the corporations.

"Inflation destroys the value of bonds and mortgages and so confiscates the property of these holders of obligations and hands it over to the shareholders and the equity owners. However, it introduces so many new economic difficulties that these share and equity holders are at once forced to incur new indebtedness so that when stabilization comes the problems of debt are about as troublesome as they were before, or even more so."

The five requisites of inflation were listed by Colonel Ayres as first, a period of sustained active business; second, a rising stock market; third, real credit expansion; fourth, greater outflow of gold "than we can tolerate which would force us to cut our currency entirely free from gold"; and fifth, continued large budget deficits in government operation.

## A PROPHECY

Significant economic developments to be expected in the next decade are listed by a prominent business writer as follows: (1) Higher standard of living. (2) Continued advances in technical processes of production. (3) Factory built houses, better and cheaper than hand made houses. (4) Somewhat cheaper money. (5) Faster travel. (6) News printed by radio. (7) Mechanical cotton picker, revolutionizing the South. (8) Cheaper electric power. (9) Better distribution of goods; more chain stores. (10) Another depression five or six years hence, preceded by an inflationary boom.

## TWO QUESTIONS ANSWERED

Why is it that one farmer raises 100 bushels of corn to the acre, and the other one, on the other side of the fence, raises 25 bushels to the acre? Why is it that one farmer produces 100 pounds of pork on five bushels of corn, and another uses 25 bushels? Not until power machinery, scientific principles of soil fertilization and restoration, rotation of crops, diversification of crops and economical feeding are applied to the farm, will the farmers' problem be solved, says a farm authority.

## BANKING READY

NEW YORK. — There is abundant evidence that banks are in an unusually favorable position to finance a period of industrial growth, says the June issue of "Banking" published by the American Bankers Association.

An official survey on June 10 indicated that the Government of the United States, through its loans, was the potential owner of more than half of the existing world stocks of American cotton.

## PIONEERS OF EDUCATION IN CALIFORNIA

(By ROY W. CLOUD)
State Executive Secretary
California Teachers Association

Editor's Note: California's public school system is regarded as one of the two outstanding systems of the United States, New York State alone challenging comparison. This series of ten articles is intended to familiarize friends of the schools and the public generally with outstanding pioneers who have contributed to the development, since 1849, of California's preeminent public school system.

**ANDREW J. MOULDER**

Andrew J Moulder, unquestionably the ablest State Superintendent of Public Instruction to hold office in California during the first ten years of statehood, was not himself a teacher. A graduate of the Virginia Military Institute he became interested in public affairs soon after settling in San Francisco, the public schools being his especial concern.

Elected State Superintendent in 1856 he served for six years, being succeeded by the great educational pioneer, John Swett.

Moulder gave his greatest service in awakening public opinion to the need of increased public support for public schools.

In each of his six annual reports Moulder iterated and reiterated the disgraceful condition California schools were in for lack of adequate financial support. His work brought increasingly larger annual appropriations for the schools. His final achievement was in having the bonds from the sale of state school lands, hitherto held by the state treasury, turned over to the schools. Previously the schools had received only the interest on the bonds.

Although it was four years after his retirement from office that the common schools of the stat became entirely free to all the children of all the people, irrespective of race or creed, his insistent energy laid the foundation on which Swett, with an equal or possibly greater degree of indomitable purpose, finally completed the California free public school structure.

The State Constitution of 1849 had made provision for the founding of a state university. No move to found such an institution had been made, however, until Moulder urged in his report of 1857, that the university be established.

The legislature accepted his recommendation and in the following year passed the necessary legislation to make the state university possible. The institution was finally opened in 1868. Moulder, himself a military college graduate, for six successive legislative sessions, endeavored to have the state law-makers found a state military college here to be a West Point of the West. In this he was not successful but he had the satisfaction of knowing that military training would be compulsory at the state university as a federal land grant institution.

Moulder established the first normal school in California following the adoption of his recommendations by the legislature: The first normal school was organized in San Francisco in 1862, later moving to San Jose.

Many other substantial accomplishments in those early formative years of California's public school system stand to his credit.

Vitally interested in the welfare of teachers, it was due to his efforts that the law providing for a state and county board of examiners was passed. He held the first teachers' institute in the state and induced the legislature to adopt a policy of uniform state textbooks.

Moulder's name is comemorated in San Francisco by the Moulder School while the memory of his work will always remain as that of one of the most vigorous and understanding of the early California educational pioneers.

## REQUIEM HIGH MASS

Requiem high mass funeral services were held for the repose of the late Mrs. Mary Ann Nash at the St. Patrick's Catholic Church, Wednesday morning.

Father O'Meara was in charge of the church service and Father Morgan officiated at the Catholic cemetery where interment was made.

Pall bearers at the funeral, which was conducted by the Holmes-Hooper Funeral Home were: Ed Tierney, Louis Kenny, Joe Benoit, John Hodge, John Key, Sr. and John Key, Jr.

## TITO SCHIPA TO OPEN SEASON OF MUSIC IN SACTO.

Tito Schipa, famous premier lyric tenor of the Metropolitan Opera Company, will open the Sacramento music series attractions in the memorial auditorium, Friday night, October 18.

Schipa keeps his Sacramento date at a cost of several performances with the Chicago Opera Company. After arrangements had been made for his Pacific Coast tour, efforts were made to have him delay his western dates in order to participate in the opening of the Chicago opera season.

From Mitchell W. Nathan, chairman of the citizens committee comes the announcement of Schipa's program. It follows:

Ombra Mai Fu (Handel), Spirate Pur Spirate (Donaudy), Du Bist Die Ruh (Schubert), La Farfalletta (Cesti-Schipa), Schipa; Aria Antica (Anonymous), Gavotte, R. Bellini; Quiditta (Du Bist Meine Sonne) (Lehar), Le Bonne Cpriose (Florindo's Madrigal) (Wolf-Ferrari), L'Arlesiana (Frederick's Song) (Cilea), Manon 3rd Act Aria) (Massenet), Schipa; Prelude (Whithall), Little Waltz R. Bellini; I Shall Return (Schlaa), Le Rossignol (Rimsky-Korsakoff), Ninna Nan A Llana (R. Bellini), 'A Vucchella (Tosti), Schipa.

Several requests have already been received from admirers of Schipa, including Cssian Song from Massanet's "Werther" and Spanish Folk songs. While it is impossible to assure admirers that Schipa will sing any specific request, the series local representatie will bring all requests to the attention of Schipa and his accompanist, R. Bellini. Requests should be properly signed and addressed to Schipa in care of Associated Services, 223 Ochner Building, Sacramento.

## 200 EXPECTED AT CHURCH DINNER

A large representation of the ladies of the Episcopal church met at the E. M. Rector home on Monday evening and completed arrangements for the dinner which they will give tonight at the Masonic Hall, which has been donated to them for the occasion by the Masons.

Mrs. E. C. Uren who is president of St. Agnes Guild and chairman of arrangements for the dinner has appointed committees and from the way the committees are working the occasion promises to be a big success with plenty of good eats.

Dinner will be prepared for two hundred. Most of the 200 tickets have been sold, persons wishing to buy tickets please telephone Mrs. E. C. Uren, Mrs. C. E. Parsons or any other member of the guild.

Bishop Noel Porter will be a guest at the dinner and after the dinner will give a talk and many persons are looking forward to hearing him.

### AUTO ACCIDENTS

Two minor auto accidents occurred in Nevada City Monday evening that might have turned out quite seriously. The first one occurred when a car wheel collapsed letting the axle down which scraped on the pavement for some distance before being stopped. In the darkness it sounded as if quite a serious accident had happened. The second, at the junction of Clark and Sacramento streets, was a large machine with two youths, a tire slipped off running ahead of the car and striking the side of the Gold Run Inn so hard it knocked two pictures off the wall inside the dwelling.

# NEW LAW PUTS DRUNK DRIVERS IN TWO CLASSES

In fewer cases will persons arrested for driving while drunk escape punishment and legal machinery will be able to cope with the offense with more general success than in the past, as a result of amendments to the law which recently went into effect. This is the belief held by enforcement officers and the judges and traffic safety leaders who advocated changes in the drunk drivinfi law which were adopted at the last session of the legislature.

Greater certainty of conviction and punishment is expected to bring about a distinct improvement in the intoxicated driver situation, regarded as one of the most serious traffic safety problems of the day, declares a statement by Percy E. Towne, chairman of the Public Safety Committee of the California State Automobile Association. Reviewing the strengthened legal weapons against drunk driving, Towne said:

"One of the great obstacles to successful enforeement of the law against driving while under the influence of liquor has been the reluctance of juries to convict. This has been partncularly true in cases where no death or personal injury was caused by the offender. As the law formerly stood, the mere act of driving while intoxicated was a felony regardless of consequences. Juries have acquitted in many cases rather than send the accused to the state prison. That penalty has been regarded as too severe under the circumstances in many instances, with the result that a large number of offenders have been let off with no punishment at all.

"The law now stands amended for the purpose of correcting that very situation. The offense has been divided into two sections, a misdeameanor where no one has been injured and remaining a felony where death or bodily injury has resulted.

"Penalties for the misdemeanor charge are heavy enough to serve as a deterrent, yet not so severe as to form an obstacle to conviction. Instead of the possibility of a state's prison sentence of one to five years or a fine up to $5,000 as in the case of a felony, the misdemeanor penalty is thirty days to six months in the county jail or a fine of $50 to $500. The usual provision is also made for both fine and imprisonment under either the felony or disdemeanor charge.

"Another important deterrent is the fact that the law now provides for suspension of the driver's license upon conviction in misdemeanor drunk driving cases. Where the conviction is on the felony charge, immediate revocation of the licens is provided.

"It may as well be recognized, however, that changes in laws will not effect any complete solution of the problem of drunken driving. For example, some way must be found to compel the continued interest of the injured party so that mere payment of damages will not mean the end of the prosecution. In too many cases the complaining witness who has been compensated ceases to interest himself in the public offense aspect and refuses to prosecute."

# "THE GAY DECEPTION" NEVADA THEATRE SUN.

The boy was unbelievably rich, handsome and a royal prince, yet he pretended to be nobody.

The girl was young and lovely, enjoying a mad merry fling at life with her last five thousand and her first. And they met!

There, in a nutshell, is the delicious, mirth-provoking situation in which Fox Film's T"he Gay Deception" at the Nevada Theatre Sunday, places its romantic stars, Francis Lederer and Frances Dee.

It all starts when Miss Dee, a sweet young secretary who has longed all her life to be in the whirl of gay city life, wins a sweepstake prize and decides to spend it on one delicious spree of pleasure.

She hies herself to New York and to its ritziest hotel. And, even though she is mistaken for an heiress, she fails to find the colorful life she had anticipated.

There are even annoyances, one annoyance in particular. He is a bellboy who criticizes her hats and clothes and tells her how lovely she is. And just as often as she has him fired she finds him back again, until she finally begins to take an interest in the handsome young scapegrace.

She has no way of knowing that he is a prince in disguise, not even when he turns up in all his royal regalia and accompanies her to the season's gala ball. And when, through some curious misunderstanding, he is arrested as an imposter, the girl finds herself fighting for his release because she is in love with him.

Through one brilliant high comedy scene after another, "The Gay Deception" moves to its close and Miss Dee admits that she does love Lederer even if he is a prince and not the poor boy she hoped he was.

Produced by Jesse Lasky and directed by William Wyler, "The Gay Deception" features Alan Mowbray, Benita Hume, Akim Tamiroff and Lennox Pawle in its supporting cast.

### MARRIED IN RENO

John Minarich, proprietor of the Signal Oil Garage and Miss Margaret Vankus surprised their friends Saturday when they returned to this city, married. The ceremony was performed in Reno on last Saturday by Judge Moran in the presence of a few friends. The young couple have the good wishes of the community.

# P. T. A. TO WORK FOR NEW HOUSE FOR BOY SCOUTS

This week marks the beginning of the enrollment of members of the Parent-Teachers Association. In this organization school and home join with all community agencies for the betterment of the conditions surrounding children. Not only mothers, but everyone interested in child welfare is asked to join. The annual dues of 50 cents includes membership in the state and national associations as well as in this district.

The local association besides providing milk and clothing for needy children, assists Boy Scouts, Cub Scouts, and Campfire Girls. Each year some large project is undertaken in addition to the usual activities. The rest room in the grammar school and the mother's library club are among those carried out in past years. This year every effort will be made to secure a club house for the meeting of Boy Scouts, Cub Scouts and similar organizations

The children of the grammar school have been given envelopes which are to be brought to the school with the dues enclosed. A membership card will be returned to the parent.

Mrs. George R. Schrader, chairman of the membership committee has promised a Hallow'en party to the grade securing the largest percentage of memberships.

The sixth, seventh, and eighth grades are having an essay contest on the subject "Why I Want My Mother to Belong to the P. T. A."

The best of these essays will be published in the Nugget some time next week.

# WASHINGTON NEWS

WASHINGTON, Oct. 10.—Mr. and Mrs. W. E. Luce of Reno, Nevada, were guests of Mr. and Mrs. Clyde Cole on Sunday.

Mr. Charles A. Lutz of Stockton is the guest of Mr. and Mrs. Clyde Cole.

Mrs. Will Jones of Nevada City was the guest of Mrs. E. J. Haverstock on Tuesday.

Mr. Price of Los Angeles is in Washington inspecting the Giant King mining property for Mr. Stewart who has an option on the Giant King.

Mr. Malcome Morse of Alta was a visitor in Washington on Saturday.

Mr. and Mrs. Leonard Ford of Sacramento, who have been spending their vacation in Washington, have returned to their home.

Mrs. A. Schwartz and son Milton of Richmond were visitors in town last week end.

Mrs. Jeanette Orzalli and daughter Miss Margaret of Nevada City were visiting Mrs. C. M. Cole Wednesday evening.

Mrs. Charles Foster of the Washington post office has been spending her vacation in Oakland. She returned home Thursday. Mrs. H. O. Kohler had charge of the post office during Mrs. Foster's absence.

# From Aunt Sarah

**BUTTERSCOTCH PIE**

Two cups brown sugar; ½ cup butter; 2 cups milk; 3 tablespoons flour; 4 eggs.

Mix and cook altogether leaving out the whites of the eggs for the frosting. Cook in a double boiler until the mixture thickens. Pour mixture into baked pie crusts. Make a meringue with the whites, spread over the pie, brown slightly and set aside to cool slowly.

**PINEAPPLE PIE**

One cup sugar; 2½ tablespoons flour of cornstarch; 2 egg yolks; (save whites for meringue); 1 large can crushed pineapple.

Drain the crushed pineapple, add to the pine apple juice the juice of one lemon and a tablespoon of butter and a pinch of salt. Cook in double boiler until creamy. (Stir while cooking). When thick and creamy, cool and pour over the crushed pineapple which has been drained, and placed in a baked crust. Cover with a meringue made of the whites of the egg, brown slightly If preferred whipped cream may be used for the topping instead of the meringue.

# Personal

Miss Fidella Legg of Vallejo spent the week end with her parents Mr. and Mrs. George Legg.

Richard Parsons is enjoying a weeks vacation in the bay district.

William Jeffrey, Jr., who is attending University of California, is spending the week end in Nevada City with his parents, Mr. and Mrs William Jeffrey of Walrath avenue.

John Webster rural mail carrier for territory about Nevada City is on his vacation. Mr. Joseph Day of Gold Flat is substituting for Mr. Webster while he is away.

Mrs. Harry McKee who has been quite seriously ill, is improving which is good news to her friends in this city.

Mrs. Charles Rehder and son, Otto Rehder and daughter, Mrs. John Anderson, of Livermore spent a day this week with their former friends, Mr. and Mrs. C. E. Bosworth of this city. They have gone into the mountains for a week's deer hunt, and will visit here again before returning home.

Mrs. Hugh Baker of Sacramento is in Nevada City this week soliciting for the Good Will Industries of Central California. She is staying in the home of Rev. and Mrs. H. H. Buckner.

Mr. and Mrs. Bradley Legg of Berkeley were week end guests at the George Legg home on Nevada St., over the week end.

Mr. Charles Raymond, owner of the Union Flat gravel and quartz property at American Hall, was a Nevada City visitor Tuesday. Mr. Raymond was purchasing supplies to take to his mine for the winter. It it located east of Downieville, 22 miles out the Hennes Pass Road. A 400 foot bedrock tunnel has been driven and he has 130 feet go in order to intersect a ledge which yielded good values where the ledge is exposed. There are 160 acres in the property.

# 'ANYTHING GOES' COMING TO S. F. GEARY THEATRE

"Anything Goes," the Cole musical comedy sensation which bubbles with youth, zooms with speed, shouts smartnss, and flashes wit; will be the attraction extraordinary at the Geary Theatre, in San Francisco, starting Monday night, October 14.

George Murphy, Shirley Ross, and Hugh O'Connell head the company of 70 in the production, said to be the most expensive and ambitious musical ever attempted in California. Fresh beautiful faces, whirlwind dancers, spotless costumes emulating the 1935 trend, well trained voices, and massive, modern backgrounds, combine to win for "Anything Goes" the title of No. 1 entertainment of the land, displaying unprecedented pep, personality and speed.

The fast and funny story, embellished by tantalizing Cole Porter tunes, is all about a mix up in the love affairs of a young American heiress (Vicki Cummings), an English peer (G. P. Huntley, Jr.) a youthful New York broker (George Murphy) and a night club hostess (Shirley Ross) who has given up being an evangelist for the larger opportunities of Broadway. Then there is a fleeing racketeer (Hugh O'Connell) who is deeply hurt because he is merely Public Enemy No. 13. Much of the action takes place on a luxurious trans-Atlantic liner, and features such song hits as "You're the Top," "I Get a Kick Out of You," "Blow Gabriel Blow," brilliantly interpreted by an orchestra of 25.

Another feature of "Anything Goes" which has theatre goers talking is the stage setting, most elaborate and expensively constructed since the spectacular "Ben Hur" chariot race effect. There are nine changes of scene in the non-stop action.

---

Pete Fischer, of San Jose, visited friends in Nevada City early this week, while enroute to Lake Tahoe for a two weeks vacation. Upon his return he will spend some time here visiting.

# SEA FISHERMEN TO PAY LICENSE

SAN FRANCISCO, Oct. 10.—Just as soon as the Division of Fish and Game, Department of Natural Resources, is in possession of two new patrol boats, the $2.00 ocean fishing license law will be enforced. This law has been on the state statutes for a number of years but heretofore has not been enforced inasmuch as former Governor Rolph believed that the economic condition of the country was such that it would be better to hold the law in abeyance.

Scores of thousands of anglers who fish in lakes and streams throughout the state protested, however, since they willingly pay a $2 license fee for the privilege of fishing, there should be no exception made in regard to those who take the game fish from the ocean.

The present Fish and Game Commission, through its president, Dr. E. C. Moore, is in accord with this idea, and Dr. Moore has instructed Herbert C. Davis, executive officer of the Division, to see that this ocean fishing license law is strictly observed.

This law would have been enforced months ago but for the fact that it was realized that the number of ocean patrol boats was inadequate. Now, two new boats have been ordered and the law will be enforced as soon as they are delivered and placed in operation.

Dr. Moore also drew attention to the provisions of the new law which provides that seagoing boats taking fishermen as passengers out for profit must first secure a permit from the commission which costs $1.00 and must keep a record of the number of such passengers, the number and type of fish taken by them each day, so that an accurate account may be kept as to depletion of species. Such records have for years been kept in relation to commercial fishing, but this added data will enable the statisticians of the Division to determine the quantity of each species of fish, and the seasons at which they are taken off various ports of the California coast.

Mrs. James Brown came down from the Spanish mine and is spending this week in Nevada City visiting wth her brother and friends.

# CAMPTONVILLE

By ACTON M. CLEVELAND

CAMPTONVILLE, Oct. 10.—J. M. Robinson of Downieville was in town Friday on a short business visit.

Mr. and Mrs. Fred B. Hanson, Lee Bullington and Louie Bullington motored to Nevada City Thursday on a short business visit.

W. H. Cartwright of Bear River service station was in town last Thursday from Sacramento enroute to the upper country with a load of produce.

W. E. Hanson left a few days ago for Hammonton where he is employed by the dredging company. He expects to move his family down later.

Louie E. Bullington a member of the WPA Forest Service crew had the misfortune of cutting his ankle with an axe last Thursday. He will be laid up for several days.

A. J. Massa has purchased the Never Sweat mining claim of Jacob Dietrich. It is located on Sleighville Creek.

Julius E. Pauly left Saturday for San Francisco to attend the Grand Lodge of Masons, representing Gravel Range Lodge No. 59 F. & A. M. of this place.

Miss Susette Dornberger of Nevada City arrived Friday to spend the week end at the Joubert home at Oak Valley.

Mr. and Mrs. Erle Pauly, Warren and Leland Pauly spent the week end visiting relatives at Mohawk.

Constable John Jaynes and Patrolman Williamson made an official trip to Cherokee Creek Friday afternoon.

Louis Vance motored down from the True Grit mine Saturday on a short business visit.

John C. Donnelly left Thursday for the Magnolia mine where he will remain for some time

Albert H Hamilton motored to Nevada City Saturday on a short visit.

Charles A. Jones of North San Juan was in town Saturday on a short business visit.

Mr. and Mrs. Guy C. Tabler and family motored to their home at the Fish Hatchery to spend the week end.

Louie Marquardt and Dave Humphrey motored to Marysville Saturday on a brief business visit.

Mr. and Mrs. John Dale motored to Nevada City Saturday on a brief visit.

Mr. J. L. Smith of San Francisco, was in town Friday on a short visit.

# NEW RULES FOR HUNTING QUAIL

SAN FRANCISCO, Oct. 10.—Regulations affecting the hunting and possession of quail, ducks, geese, jacksnipe and other wateerfowl were made public today by George D. Nordenholt, Director of the Department of Natural Resources. After issuing these orders, which will be enforced by the Division of Fish and Game, they were placed in the hands of Governor Merriam, who approved them.

In all districts, except 1½, quail hunting will be permitted from November 15 to December 31, inclusive, with a bag limit of ten per day, ten in possession and 20 per week. In district 1½ the season is from November 1 to December 31, inclusive, with the same regulations in regard to bag limits. Heretofore the counties of Imperial, Inyo, Los Angeles, Orange, Riverside, San Diego and Ventura have been closed to quail hunters, but under this new order by Director Nordenholt, they are thrown open in conformity with existing legislation.

In relation to pheasants Director Nordenholt said:

"For the purpose of further protecting the birds and mammals with which the Fish and Game Commission has stocked the various areas in this state now therefore upon recommendation of the Fish and Game Commission it is ordered that the following counties of ElDorado, Lassen, Marin, Plumas, San Diego, San Luis Obispo, Santa Barbara, Sonoma and Ventura; that portion of Trinity county within Shasta National Forest and the southern portion of Modoc county are hereby closed to hunting and the taking, killing or having of any pheasant therein or therefrom from and after the 15th day of November to and including the 20th day of November, each and every year hereafter and during all times and seasons until such time as new legislation is enacted or by further or other order of the Director of Natural Resources."

The Game Commission explained that while it had been necessary to tighten pheasant regulations in the interest of conservation, other changes had been made in orders affecting various waterfowl. Wilson's snipe or jacksnipe and coot which would be of benefit to sportsmen. Heretofore all areas within the state were closed to hunting of these birds except on a certain few specified days. These regulations have now been loosened and in this connection Director Nordenholt said: "The old closing order was issued October 13, 1934. These new regulations permit the taking of said waterfowl, Wilson's snipe or jacksnipe and coot from November 20 to December 19, inclusive, until some further order is made by me. The bag limits shall be as follows: ducks. 10 per day; geese or brant, 4 per day; coots and jacksnipe or Wilson's snipe, 15 per day."

The Director emphasized that not more than one daily bag limit may be possessed by any person during one day.

# BUCK STEW AND BIG DANCE AT DOBBINS

There will be a big buck stew and dance at Dobbins, Saturday night at Simmons Hall. Good music and the best kind of a buck stew are assured to all who will come up to the mountains for this big time.

The road to Dobbins has been put in A-1 order and it is now fine highway through Newtown, Pleasant Valley, Rices Crossing, where there is a new bridge, to Dobbins. Some of the citizens of Dobbins were in Nevada City Wednesday extending a cordial invitation to all to "come up and have a good time."

---

Mrs. Caroline Davis, who formerly resided on Gold Flat, for many years, came up from her home in San Jose Wednesday to attend business affairs. She returned home yestrday.

## Unfairness of Gold Tax

(Contributed)

The proposal to include gold mining as an industry subject to the severance tax is particularly unfair. The gold miner adds to the wealth of the State something which was never there before. Gold bullion is the equivalent of money added to the circulation, increasing the purchasing power of our people. It is the historical basis of California's development as a great state, and continues to add measurably to our wealth and contentment. A severanve tax on gold of 3%, as proposed is a tax on gross income of the gold miner which he cannot pass along. The Government will pay him no more for his bullion. It is utterly unfair because it takes from the marginal producer, whose cost of operation almost equals his gross bullion returns, the same amount of tax that it takes from the producer of high grade properties where the cost of operation bears a much smaller relation to the gross output. It discourages the development of low grade properties, and the future of gold mining in California depends almost entirely upon the ability of the mining companies to profitably operate low grade properties by reason of the increased price of gold and more efficient mining and metallurgical methods. A severance tax on gold simply means that marginal properties ——and there are many of them, must shut down or curtail their operations, with resulting addition to unemployment and resulting loss to the merchants, banks, hotels, and business men generally in the communities where they operate.

Friends of the gold mining industry in California must awake and see that this injustice is not perpetrated. A definite appeal should be made to the Governor's Committee, consisting of Assemblyman Clifford R. Kallam, T. H. DeLap, and Jesse M. Mayo, who will meet on October 19th at the Capitol to consider the question, to eliminate any idea of a severance tax on gold.

## Short and Simple Words

**I never fully realized the power and importance of short, simple words, until I heard a San Francisco fashion editor use the word "smart" nine times during the course of a two minute radio talk.**

I used to think that hosts of words
Were needed in life's game,
And that an expert in their use
Could storm the heights of fame;
I strove with fine, distinctive words
To clothe my every thought,
And dictionaries old and new
I coveted and bought.

I learned long lists of synonyms
Descriptive words and such,
I even learned strange foreign words—
I studied over much;
But now to elegance of speech
My hopes no longer cling;
Vocabularies may be small,
"Turn over" is the thing.

Why use a plethora of words
When one will serve as well?
If approbation eggs you on,
Just call an object, "swell;"
And know that any thing you see
In town or city mart,
Will stand forth splendidly defined
If simply labeled, "smart."

Now if these little tired words
Were paid for over time,
We'd not be driving them to death
Through prose and speech and rhyme;
Instead we'd study spelling books
And Webster's volume too,
And liberate imprisoned words
Quite fresh and strangely new.

—A. MERRIAM CONNER.

## MANY KILLED IN ROAD ACCIDENTS

"Were it not for certain very real indications that a change has come about in the apathetic indifference of the public toward the traffic accident situation, the Automobile Association, would feel less confident of the results to be gained from any safety effort consisting mainly of educational appeal.

"But there are hopeful signs that the country as a whole at last is coming to grips with a situation which last year claimer some 35,000 lives in the United States and caused bodily injury to nearly a million persons, including 2,800 persons killed and 45,000 injured in California alone. Influential publications and the press generally reflect a distinct departure from the old public attitude of squeamishly refusing to face the actual magnitude of sorrow and suffering that are the corollaries of our traffic accident problem. There also appears to be a quickened and more earnest individual response to the implications of the slogan: Drive Safely—You May Be Next.

**AWAKENED PUBLIC CONCERN**

"As part of its forthcoming effort the Automobile Association will endeavor to bring to the attention of the motoring public facts and figures and comment illuminating the principles of safe driving and emphasizing the cost of ignoring those principles.

"With an awakened public concern over the needless tragedy and waste of traffic deaths and injuries it is reasonable to expect that the effort may save some lives and amejiorate to some degree California's traffic accident record for 1935."

## Betty Lou Krough Birthday Party

Tuesday evening Miss Betty Lou Krough, daughter of Mr. and Mrs. Brian Krough of Drummond street, entetained a group of little friends on her eleventh birthday. A happy time was spent in playing games, first prizes won by Betty Foote and Eleanor Browning, while Joyce Henwood and Catherine Tognarelli won consolation awards.

The birthday of Betty Lou Krough and Mary Libby were on Tuesday and in honor of the occasion Mrs. Krough baked two large birthday cakes for the two tables, each little girl blowing out the candles on her cake. Besides a number of pretty gifts Betty Lou received four bouquets, these flowers were used to carry out the decoration motif in pastel shade. Favors were tiny frilled birthday cakes.

Those enjoying the delightful affair were Mary and Ruth Libby, June Dawson, Eleanor Browning, Margaret and Jean Odegaard, Joyce Henwood, Betty Foote, Mary Alice Rolph, Catherine Davis and Catherine Tognarelli. Mrs. Krough was assisted by her sister in law, Mrs. W. W. Boyd of Oakland.

### HOME ADDITION

Mr. and Mrs. Eugene Barberi of Lower Broad street are adding rooms to the upstairs of their hotel for an apartment for their family. It is built over the east porch.

## Literature Chairman Will Speak at Club

Mrs. E. E. Smith of Anaheim, State Director of Literature of the Federated Woman's Clubs of California will be the guest speaker at the meeting to be held at the Brand Studio on Monday evening, October 14th.

This is to be a guest night and each club member is privileged to bring a guest. The Nevada City ladies welcome this opportunity to hear the state director of literature and are looking forward with much pleasure to her visit.

## Mrs. Rose to Hostess "Open House"

Mrs. Ed Rose, owner of the Rose Fashion Shop, will hold open house on Sunday afternoon and evening, October 13, in her "Pent House" above her store. In the last few weeks the Native Sons have remodeled the upsatirs into large five room sunny apartment with all modern built in fixtures. It is finished in pleasing tones of cream and tan with warm tinted lineoleum on the floors, the whole making it one of the most charming and restful apartments in town.

### NEW BEAUTY PARLOR

Charles E. Mills, who has sold out his interest in the Exclusive Beauty Parlor in Grass Valley, has rented the rooms formerly occupied by Ainsworth Beauty Parlor on Lower Broad street in Nevada City and will open the Charles Beauty Salon within a short time. The shop is to be completely remodeled and refurnished.

# TAHOE SCOUTS OFF TOMORROW FOR CAMPORAL

Over 70 Scouts and leaders representing 8 patrols of Scouts from Tahoe Area Council will leave early Saturday morning for Richmond to attend the third Northern California Camporal. The city of Richmond has spared no effort to arrange Nicholl Park for this estimated gathering of 2500 scouts. Transportation will be by buses and private cars due to the cancellation of the proposed scout special train.

Each patrol will enter the park under full and complete pack for a 30 hour camp including four meals. Use of canned goods is not permitted. All scouts and leaders of course will be in uniform. This camporal of Northern California scouts is really a small section or about ten per cent of what the Washington Jamboree would have been.

All participants must be on the grounds by 11 a. m. Saturday, making preparations in setting up their camp and complete the cooking of lunch by 1:30 p. m. The rest of the program follows:

1:30 Opening ceremony.
2:00 Contests and activity program.
4:30 Camp visitations.
5:00 Prepare supper.
6:30 Meeting of all Eagle scouts.
8:00 Camprire program. Taps 10:00 p. m.

**SUNDAY—**

6:30 First call.
7:00 Colors. Cook breakfast.
8:00 Church services for each denomination.
9:00 Demonstrations in Patrol areas.
11:30 Lunch.
12:30 Clean up and prepare to break camp.

Leaders will have a special camping area set aside for them. This year the campfire program will come from outside the scouts, which no doubt will relieve their state of mind. The return home will be made immediately after the closing ceremony at 1:30 p. m. Sunday .It is expected that much of the equipment prepared for use at the Washington Jamboree will be shown here including the many types of highly decorated tents and equipment.

Robert Gropper, miner, of the Spanish mine was brought to Nevada City Wednesday. He was operated upon by Dr. B. W. Hummelt in the Nevada City Sanitarium for removal of an appendix which was in an acute condition. Last reports are that Mr. Gropper is doing nicely.

# SCOUT LEADERS TO POW WOW AT CAMP PAHATSI

A very enthusiastic response has come from the scout leaders of Tahoe area council over the announced scout leaders pow-wow to be held at Camp Pahatsi, Saturday evening, October 19 and Sunday, October 20.

The program consisting of the plans for the tenth annual rally next March; the reorganization of the scout leaders association; information on the new senior program; troop committee helps scout games and methods and court of honor procedude will be held both indoor and out-doors.

In the recent bulletin sent to the scouts all were urged to leave at home their business cares and troubles and come prepared to have a good time and to consume some venison and fresh trout. Saturday, some of the leaders are preparing to spend the day fishing to endeavor to supply all with trout for one of Sunday's meals.

The meeting is to give last minute instruction in scouting for all who are interested who are over 18 years old. Return post cards have been sent out to secure an idea of possible attendance.

# LUMBER HEARING ON SEVERANCE TAX POSTPONED

SACRAMENTO, Oct. 10.—Assemblyman Clifford Kallam of Santa Cruz county, chairman of the assembly iterim committee studying proposals for a state severance tax, today announced the hearing scheduled for Friday, October 11th, at Eureka, has been postponed until Monday, October 14th.

The Eureka meeting will deal with the possible levy of a severanve tax against lumber.

The committee plans to meet in Sacramento, October 19th, on the question of a tax on gold and other minerals.

The opponents of a severance tax on natural resources, particularly the lumber and mining interests, have launched an organized propaganda campaign against the suggested tax law.

Other severance tax session dates on various natural resources have been set tentatively by Kallam's committee as follows:

Fish, November 1st, Santa Cruz; cement, November 15th, San Francisco; oil, gas and petroleum products, November 22nd, Long Beach.

Kallam's colleagues on the special committee are Assemblyman T. H. DeLap of Contra Costa county and Jesse M. Mayo of Calaveras county.

### LITTLE MINT MINE

The Little Mint gravel mine on the Yuba river has ceased operations for this season. Bud Blanchard and several men worked the property this summer. The property is not far from North San Juan, and holds promise of good yield.

Enjoy carefree heating with the New HEAT-DIRECTOR!

SUPERFEX oil burning HEATERS

IF WINTER usually means months of stoking and ash-hauling for you, investigate the Superfex Heat-Director! Connected to a flue like an ordinary stove, it burns inexpensive fuel oil and directs the heat where you want it.

No moving mechanism. No drafts to regulate. To direct the heat, just open the patented heat-projectors on one, two or three sides of the heater. All Superfex Heater models are listed as standard by the Fire Underwriters. Terms to suit your convenience. A product of Perfection Stove Co.

Cross section of Superfex Heat-Director above, shows how it works. Oil flows through copper pipe from removable reservoir to burner bowl in which constant level is automatically maintained. Fire is lighted through opening in front with no more kindling than a piece of paper. Constant control of heat by means of simple dial at rear.

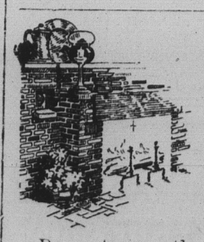
## Thru the Knot Hole

### A Glimpse of Building Activity

VOL 1. OCTOBER 11, 1935. No. 27.



Property on the Tahoe Ukiah highway just above Nevada City is being improved by two new residences started this week.

Ted Lindsay is constructing a new home on a lot near the home of Mrs. Martha Hogue.

Mrs. Bertha Michel is having a four-room cottage constructed by Contractors Stephens and Carter.

Better look over your roof while the weather continues good. We can supply materials for patching or replacing any kind of roof you may have.

The new home being erected by Charles Hambleton on Lost Hill is all framed in and will make a fine addition to this part of the city.

Two more Heatilators going into fireplaces locally this week. As the merits of this circulating unit become known we feel that most fireplaces will be equipped with them. Information on request.

A new pattern of Pabco lock shingle—the Anglelock is being used on the Gold Nugget building on the Grass Valley-Nevada City highway. Cannot blow up as it is locked down. In several fine colors.

**LET'S LAUGH**

Game Warden — Hey you! Don't you know that bass season isn't open yet? What are you doing with that big one on your string?

Angler — Why, you see he's been taking my bait all morning and I just tied him up until I get ready to go home.
